

English Transfer Pathway

for Ohio Community College students
transferring to Hiram College

November 2022

This document outlines the [Ohio Guaranteed Transfer Pathway \(OGTP\) in English](#) that has been designed to provide clarity and consistency for college courses transferring between Ohio 2-year and 4-year public institutions.

This same transfer pathway in English is now approved for students transferring to Hiram College, through a partnership between 11 Ohio community colleges and 14 private colleges called the [Ohio Consortium for Transfer Pathways to the Liberal Arts](#), and whose faculty and administration have collaborated to expand access and credit clarity for students transferring with an associate’s degree from an Ohio community college to an Ohio private college or university.

Pages 1 & 2 of this document outline **community college courses that are approved statewide** for transfer credit toward the bachelor of arts degree in English at an approved 4-year institution. Pages 3-6 show how these courses transfer to Hiram College to meet bachelor degree requirements.

MAXIMIZE THE IMPORTANCE OF YOUR ASSOCIATES DEGREE

CORE Block Waiver: Students who have earned ANY accredited Associate’s Degree are eligible for a block waiver of Hiram’s CORE—the Ways of Knowing Distribution Requirement (8 courses), and any student with 64 hours of transfer credit may be eligible for the same.

Hiram Connect: All students transferring to Hiram College take part in Hiram Connect, a program for guided reflection on their course of study and—as the name implies—a connection of their coursework to a guaranteed significant real-world experience outside the classroom—study away, independent research, and/or internships.

The Urgent Challenge Curriculum: The Urgent Challenge Curriculum for transfer students encompasses a two-course sequence that asks students to engage with broad questions that speak to the problems in our contemporary world. In these courses, students learn how to assess what skills and competencies they bring to a team, to address issues through a problem-based learning approach, and finally how to work collectively to address the urgent challenges of our time.
