

# Psychology Transfer Pathway (AA to BA)

for Ohio Community College students  
transferring to Tiffin University

November 2022

This document outlines the [Ohio Guaranteed Transfer Pathway \(OGTP\) in Psychology](#) that has been designed to provide clarity and consistency for college courses transferring between Ohio 2-year and 4-year public institutions.

This same transfer pathway in Psychology is now approved for students transferring to Tiffin University, through a partnership between 11 Ohio community colleges and 14 private colleges called the [Ohio Consortium for Transfer Pathways to the Liberal Arts](#), and whose faculty and administration have collaborated to expand access and credit clarity for students transferring with an associate's degree from an Ohio community college to an Ohio private college or university.

Pages 1 & 2 of this document outline **community college courses that are approved statewide** for transfer credit for the AA to BA degree in psychology at an approved 4-year institution. Pages 3-4 show the AS to BS degree. Pages 5-16 show how these courses transfer to Tiffin University to meet bachelor degree requirements.

<sup>3</sup> Only one natural sciences lab is required. In some cases, taking one Biological Science and one Physical Science is preferred. Check with your receiving institution.

<sup>4</sup> One recommended course is OT36 approved Oral Communication.

Due to the variability across institutions, students should work with their academic advisor to determine an appropriate program of study and appropriate amount of additional credits to satisfy the OT36.

**Advising Notes:**

COM 130 Introduction to Speech Communication is a TU requirement-if a student comes in with a comparable course, it would count as OT 36 approved humanities/electives, thus it's not included in the sample plan. For online programs, two seven-week terms are offered every semester. Because online learning involves a lot of time-intensive individual self-study, in a short seven-week term students are limited to two classes per term unless permission is granted. With accelerated coursework it's not recommended to take more than 13 hours online in a semester. If a student wanted to complete their degree sooner, they could seek permission to take another course each semester and/or they could take a couple of courses in the summer. It is recommended that open electives be used to take PSY, SOC, FOR, COR courses, depending on the student's career goals, to bolster the psychology major.
