THE OHIO FOUNDATION
of
INDEPENDENT COLLEGES

Connecting OFIC Member Schools and Students to Their Dream Jobs

The Ohio Foundation of Independent Colleges (OFIC) is teaming up with GradLeaders, the market leader in student recruitment and career services technology to fuel job growth in Ohio.

How Does it Work?

GradLeaders has helped OFIC launch a career page for job and internship postings, a survey tool for reporting career outcomes, and discounted GradLeaders services for corporate recruiters and member career centers.

Why GradLeaders?

This new partnership will provide member schools with easy-to-use tools to gather career outcomes data and help improve employment outcomes for Ohio students. 93,000+ Ohio-based college students from 34 OFIC member schools and local employers will have access to:

- Free OFIC Job Board for students and employers
- Easy-to-use Career Outcomes Survey Tool for OFIC schools
- Special discounts on GradLeaders Career Center and Recruiting platforms for OFIC members

Post

National and Ohio-based corporations can log in to the OFIC job board and post a job, internship or co-op for no charge!

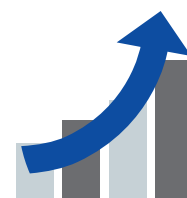

Measure

Member schools can use the The Outcomes Survey® to gather standardized career outcomes data via an online survey administered to graduates.

Search

Students from OFIC member schools can search this job board as a secondary resource available through their career center.

Improve

Everyone can expand and increase efficiencies with the same state-of-the-art platform used by over 1,000 career centers and 600,000 recruiters with a special offer just for OFIC member schools and donor companies.
